Experience

DIF Michoacán

Web Developer

Morelia, México

March 2024 – Present

- Developed and maintained multiple internal Web applications using PHP, JavaScript, jQuery and MySQL, improving system efficiency and user experience.
- Designed a user-friendly and consistent multi-site UI/UX to enhance productivity and accessibility for users with limited computer experience.
- Managed and ensured optimal performance of over 100 office devices including PCs, printers and scanners, minimizing technical downtime.

Universidad de Morelia

IT & Webmaster

Morelia, México

September 2023 – March 2024

- Managed and maintained the institutional web site using WordPress and multiple add-ons, focusing on user experience, SEO, performance optimization and user flows. Also contributed to the site's overall design.
- Managed payments and subscriptions for domains, plugins, and other online services, ensuring timely renewals and cost efficiency.
- Managed and maintained over 200 devices across 7 computer labs, overseeing software licenses, routine maintenance, and troubleshooting technical issues.

Instituto Nacional Electoral

Digital Cartographer

Morelia, México

September 2023 – March 2024

- Updated highly detailed electoral maps using AutoCAD, mapping entire municipalities down to individual house numbers. Ensured precise geographic data to support electoral processes.
- Maintained and updated geographic databases with the latest territorial information for five municipalities, ensuring data accuracy and consistency.
- Managed and organized historical map archives for easy access and reference.
- Prepared technical documents and performed various administrative tasks.

Internships

High School PREFECO

Web Developer

Morelia, México

January 2022 – July 2022

- Designed and developed a web platform that allowed at least 1,000 students and teachers to upload, preview and manage psychopedagogical files, featuring a built-in blog and an information-sharing page.
- Worked in a hybrid environment following Git Workflow for version control and collaborative development.

Alfa inmobiliaria e hipotecas

IT Support

Morelia, México

October 2019 – December 2021

- Managed and maintained the website, ensuring optimal performance and usability.
- Assisted with AutoCAD tasks for various projects, contributing to small updates and technical adjustments.
- Prepared technical documents and performed various administrative tasks.
